Uses LESS Electricity!

Generally, Pays for the Difference in the Purchase Price within One Year!

Energy Savings

- Uses a new EC motor technology twice as efficient as motors currently used, saving you money every day!

No Maintenance

- No bearings to grease or belts to adjust. It's that simple.

Variable Speed

- Allows you to set the amount of airflow to your preference and adjust it at any time from 10% to 100% speed.
